RAJDHANI PUBLIC SCHOOL

Class 6th

Session 2018-2019

General Information

The all round development of the child involves both the scholastic and the co-scholastic areas of pupil growth, Thus, we try to include the habits of regular study, industry, discipline, sense of responsibility, co-operation, community service and civic consciousness in our children to face the challenges.

Evaluation

The CBSE has issued Circular No. Acad05/2017 dated 31-01-2017 on the restoration of Board Examination for class X and revised assessment structure and examination for class X from academic Year 2017-18 onward. This new scheme will bring the uniformity in the system of assessment and examination for classes IX and X in all the CBSE affiliated schools. To increase the confidence in the students to start preparing for class X Board examination when they join the upper primary stage. The CBSE has decided to implement the uniform system of assessment, examination pattern. While keeping in view the provisions of Right to education Act, 2009, the scheme has been designed on Term Assessment basis with gradual increase in the Learning assessment as the students move forward. This would prepare the students to cover the whole syllabus of the academic year and face the challenge of class X board examination and would thus, ensure the 'quality of education'.

Scholastic Area

The assessment structure and examination have been prepared in view of the provisions of RTE-ACT 2009 and comprises of two terms i.e. Term-1 and 2 as explained below :-

Subject	TERM-1 (100 Marks) (1st half of the session) 20 marks Periodic Assessment + 80 marks for Half Yearly Exam.		TERM-2 (100 Marks) (2nd half of the session) 20 marks Periodic Assessment + 80 marks for Half Yearly Exam.	
	Language-1	PA 20 Marks	Half yearly exam	PA 20 marks
Language-2	* Periodic test 10 marks with syllabus covered till announcement of test dates by school	* Written Exam for 80 marks with syllabus covered till announcement of Half Yearly exam dates by school	* Periodic Test	Written exam of 80 marks with syllabus coverage as below :-
Language-3			* 10 marks with syllabus covered till announcement of test dates by school	
Mathematics				Class VI 10% of 1st term covering significant topics + entire syllabus of 2nd term
Science	* Note book Submission			
Social Science	5 marks at term end		* Note book submission 5 marks at term end	
Any other Subjects	* Sub Enrichment 5 marks at term		* Sub enrichment 5 marks at term end	Class VII 20% of 1st term covering significant topics + entire syllabus of 2nd term
				Class VIII 30% of 1st term covering significant topics + entire syllabus of 2nd term

Subject Enrichment Activities

These are subject-specific activities aimed at enhancing the understanding and skills of the students. These activities are to be carried out throughout the term, however, they should be evaluated at the term-end.

	erland) पृथ्वी के प्रमुख स्थलरूप. हमारा देश भारत

	-	Swachh rail, Swachh Bharat

Note : Subject Enrichment Activities

ASL (Assessment of speaking and listening skills)

IIIrd periodic test will be conducted in the month of August

SEPTEMBER MID TERM EXAMINATION

- To show that stem of a plant conducts water
- To study the different parts of a leaf and the arrangement of veins in a leaf

PT-2 will be conducted in this month

G.K. : Chapter 21,32,38

AUGUST

Chapter 9	:	The body and its movement
Chapter 10	:	Living organisms and the5r surroundings

Subject enrichment activity

Practicals & Lab skills

Practicals	:	To study the different parts of the flower
	-	To show that ball and socket joint helps to move the body in all directions with the help of the experiment

PT-3 will be conducted in this month

G.K. : Chapter 33,41,42,43

SEPTEMBER

Mid term exam will be conducted in this month

OCTOBER

Chapter 11	:	Measurement and motion
Chapter 12	:	Light, shadow and reflection
Subject enrichment activity		
Practical & Lab skills		
Practicals	:	to make an electric circuit with the help of electrical components
	-	To show that like poles repel each other and unlike poles attract each other.
	-	To show that air (Oxygen) is necessary for burning

NOVEMBER

Chapter 13	:	Electricity and circuits
Chapter 14	:	Fun with magnets

PT-4 will be conducted in this month

DECEMBER

Chapter 15	:	Water
Chapter 16	:	Air around us

SCIENCE**APRIL**

Chapter 1	: Sources of Food
Chapter 2	: Components of food
Subject enrichment Activity	
Practical lab skills	
Practicals	: to test the presence of starch in the given sample of food materials
	- to test the presence of protein in the given food stuff
	- To test the presence of fat in the given sample of food stuff
	- to separate iron fillings, salt and sand from the mixture
G.K.	: Chapter 3,4,9,22

MAY

Chapter 3	: Fibre to fabric
Chapter 4	: Sorting materials into groups
Chapter 5	: Separation of substances
Subject enrichment activity	
Practicals & lab skills	
Practicals	: To separate chalk powder dissolved in water by the process of filtration
	- To separate the oil from the mixture of oil and water
	- To identify the materials which are soluble in water
	- To study reversible and irreversible changes

PT-I will be conducted in this month

G.K.	: Chapter 6, 24,30, 31
